In November, Philip's aunt Mary, governor of the Habsburg Netherlands, agreed to send a portrait by Titian of Philip dressed in wolfskin to Mary of England. She had not yet seen her intended husband. The picture was possibly brought to England a few months later, in March 1554, by Juan Hurtado de

They did not feature the flexible covers usually associated with paperback books. Instead, as the name implies, the first Permabooks were designed in a more durable format with board covers. The interior looked like a paperback, but the exterior, measuring 4+3/8 in (110 mm) wide by 6+1/2 in (170 mm) tall, gave the impression of a reduced-size hardcover. The edges of the stiff, unflexible board cover extended 1/8 in (3 mm) past the trim of the interior pages. fb48a6d98d

There was some opposition in England to Queen Mary I marrying Philip of Spain because he was a foreign prince. A Spanish chronicle refers to the xenophobic beliefs of the English people, and Antoine Perrenot de Granvelle, Bishop of Arras (who had obtained the oil used to anoint Mary at her coronation) wrote that the English would only accept the marriage with the greatest difficulty. Attitudes however were much more nuanced, especially in London and other centres of international trade hosting immigrant communities. Opponents of the marriage plan among the privy counsellors

and royal household included Robert Rochester, Francis Englefield, and Edward Waldegrave.
