Author Florence Given is an artist and campaigner, active on the social media platform Instagram. She was 21 at the time of the book's release. Given was both writer and illustrator. She said that she aimed with the book to "hopefully poke some holes in [the] façade" that women "need men, their validation and the products they sell to us to make us look 'better'", saying that "capitalist patriarchy requires us to be submissive and insecure in this way". She perceived that it would make readers "demand a new level of love for themselves". Given found it hardest to write a chapter on consent and rape culture, saying that "the one thing [women] all have in common is that almost every single one of us has been sexually assaulted or sexually harassed by men". e7e4a872ff
