

Mid Century Modern Interior Design

The term was used as early as the mid-1950s, and was defined as a design movement by Cara Greenberg in her 1984 book *Mid-Century Modern: Furniture of the 1950s*. It is now recognized by scholars and museums worldwide as a significant design movement. The MCM design aesthetic is modern in style and construction, aligned with the modernist movement of the period. It is typically characterized by clean, simple lines and honest use of materials, and generally does not include decorative embellishments.

Interior architecture Interior architecture is the design of a building or shelter from the inside out, or the design of a new interior for a type of home that can be fixed

MCM-style decor and architecture have seen a major resurgence that began in the late 1990s and continues today.

Interior design Interior designers make use of fundamental design principles from the visual arts used to help viewers understand a given scene. Interior design is a multifaceted profession that includes conceptual development, space planning, site inspections, programming, research, communicating with the stakeholders of a project, construction management, and execution of the design. Architects would also employ craftsmen or artisans to complete interior design for their buildings. In the mid-to-late 19th century, Interior design is the art and science of enhancing the interior of a building to achieve a healthier and more aesthetically pleasing environment for the people using the space. interior space. With a keen eye for detail and a creative flair, an interior designer is someone who plans, researches, coordinates, and manages such enhancement projects
