Hansen's was founded in 1935. In the 1930s, Hubert Hansen and his three sons began selling juice to film studios and retailers in Southern California under the Hansen's name. In the 1970s, Tim Hansen (the grandson of Hubert) developed and marketed a variety of sodas and juices, also under the Hansen's label. 3030e11001 Some of these concerns have helped give rise to the slow food and local food movements. These movements seek to promote local cuisines and ingredients, and directly oppose laws and habits that encourage fast food choices. Proponents of the slow food movement try to educate consumers about

what its members consider the environmental, nutritional, and taste benefits of fresh, local foods. Unlike other plant milks having origins as early as the 13th century, oat milk was developed in the 1990s by the Swedish scientist Rickard Öste, founder of oat milk manufacturer Oatly.

Criticism of fast food The USDA recommends a Fast food has been criticized for negative health effects, animal cruelty, cases of worker exploitation, children-targeted marketing and claims of cultural degradation via shifts in people's eating patterns away from traditional foods. Social scientists have highlighted how the prominence of fast food narratives in popular urban legends suggests that modern consumers have an ambivalent relationship (characterized by guilt) with fast food, particularly in relation to children. Fast food chains have come under fire from consumer groups, such as the Center for Science in the Public Interest, a longtime fast food critic over issues such as caloric content, trans fats and portion sizes. 1977–1978. “A regular meal at McDonald’s consists of a Big Mac, large fries, and a large Coca-Cola drink amounting to 1,430 calories
