The color pink is named after the flowers, pinks,

flowering plants in the genus *Dianthus*, and derives from the frilled edge of the flowers. The verb "to pink" dates from the 14th century and means "to decorate with a perforated or punched pattern" (possibly from German *picken*, "to peck"). It has survived to the current day in pinking shears, hand-held scissors that cut a zig-zagged line to prevent fraying.

At age 15, Pink formed the short-lived girl group Choice, which signed with LaFace Records in 1995, although they disbanded without major releases. Her debut studio album, *Can't Take Me Home* (2000), was released to commercial success and received double platinum certification by the Recording Industry Association of America (RIAA). Produced by label boss Babyface and influenced by contemporary R&B, the album spawned US Billboard Hot 100 Top 10 singles: "There You Go" and "Most Girls". Pink gained further recognition for her 2001 collaborative single "Lady Marmalade" from the soundtrack of *Moulin Rouge!*, which peaked atop 13 international charts, including the US, and earned her first Grammy Award for Best Pop Collaboration with Vocals. Pink shifted to pop rock with her second album, *Missundaztood* (2001), which sold over 13 million copies worldwide and yielded three Top 10 singles: "Get the Party Started", "Don't Let Me Get Me", and "Just Like a Pill".
