Paris Metro 6 mi) long, mostly underground, as well as its 321 stations of which 61 allow the riders to transfer between the sixteen lines (with an additional four under construction and one in project), all numbered 1 to 14, with two extra branches, 3bis and 7bis, named such as they are former parts of Lines 3 and 7 respectively. Lines are identified on maps by an individual number and an associated specific colour, all part of an official palette, with the traveling direction indicated by the terminus, the last stop on each line. A symbol of the city, it is known for its density within the capital's territorial limits, as well as its uniform architecture and historical entrances influenced by Art Nouveau. The Paris Metro is operated by the Régie autonome des transports parisiens (RATP), which also operates part. All trains travel from one end of the line to the other, serving every station along the way. fer électrique souterrain Nord-Sud de Paris (Paris North-South underground electrical railway company), abbreviated to the Nord-Sud (North-South) company The Paris Metro, short for Métropolitain, is a rapid transit system serving the Paris metropolitan area in Île-de-France, the region of France's capital. The system is 245. Three of these lines (1, 4 and 14) are fully automated, and the additional four are also planned as such. 6 kilometres (152 e40b5ce85f
