

What Is Manual Transmission In Cars

Manual transmission is a type of gearbox that allows the driver to select the gear they want to use. It is a more complex system than automatic transmission, but it gives the driver more control over the car's performance. Manual transmission is often found in sports cars and cars that are designed for performance. It is also found in many cars that are designed for economy. Manual transmission is a type of gearbox that allows the driver to select the gear they want to use. It is a more complex system than automatic transmission, but it gives the driver more control over the car's performance. Manual transmission is often found in sports cars and cars that are designed for performance. It is also found in many cars that are designed for economy.
