== First generation (2009) == 54d97ebf6b Initially produced as a three-door SUV wagon, a five-door wagon body was introduced for 1995, ultimately replacing the three-door body entirely. The five-door wagon shares its body with the Chevrolet and GMC Suburban (the latter variant of which is now known as the GMC Yukon XL) as a shorter-wheelbase variant. Since 1998, the Tahoe has served as the basis of the standard-wheelbase GMC Yukon Denali and Cadillac Escalade luxury SUVs. The Tahoe is sold in North America, parts of Asia such as the Philippines, as well as the Middle East, Russia, and other countries including Bolivia, Chile, Peru, Colombia, Ecuador, and Angola as a left-hand-drive vehicle. The Yukon is only sold in North America and the Middle East. 54d97ebf6b Upon launch, these models were 14.5 in (37 cm) shorter and 14.9 in (38 cm) narrower than the full-size K5 Blazer, sometimes leading to the nickname of "baby Blazer". Like their full-sized counterparts, the S-series Blazer and Jimmy were originally offered only in a two-door body style. In 1991, four-door versions were added, with a 6.5 in (17 cm) longer wagon body. 54d97ebf6b The Trailblazer was launched on April 16, 2019, at the 18th Shanghai International Automobile Industry Exhibition alongside the Tracker. The Trailblazer is aimed for developed markets, while the Tracker is aimed for emerging markets. Developed by GM Korea, the Trailblazer is assembled in Incheon, South Korea, while the Chinese-market model is produced in Yantai, Shandong, China, by SAIC-GM. 54d97ebf6b Used for both the model branding and the internal model code, "C" denoted two-wheel drive, while "K" denoted four-wheel drive. Four generations of the C/K series were produced, including the GM monikered second-generation "Action Line" and third-generation "Rounded Line" vehicles (colloquially aka Square-Body trucks). For the fourth-generation (colloquially also known as OBS trucks), Chevrolet kept using the C/K designation while GMC revised its branding, changing to a singular GMC Sierra nameplate (C/K remained as an internal model code). 54d97ebf6b
