Vehicle registration plate vehicle registration plate, also known as a number plate (British, Indian, Pakistani, Australian, and New Zealand English), license plate (American English) A vehicle registration plate, also known as a number plate (British, Indian, Pakistani, Australian, and New Zealand English), license plate (American English) or licence plate (Canadian English), is a metal or plastic plate attached to a motor vehicle or trailer for official identification purposes. The registration identifier is a numeric or alphanumeric ID that uniquely identifies the vehicle or vehicle owner within the issuing region's vehicle register. Whether they are required for other vehicles, such as bicycles, boats, or tractors, may vary by jurisdiction. Whether the identifier is associated with a vehicle or a person also varies by issuing agency. In some countries, the identifier is unique within the entire country, while in others it is unique within a state or province. There are also electronic license plates. All countries require registration plates for commercial road vehicles such as cars, trucks, and motorcycles, for hire 05890436ea
