South Wind (train) carrying sleeping cars. The South Wind remained in service through the creation of Amtrak in 1971. By 1955, Florida West Coast service was added, using cars added to the West Coast Champion trains in Jacksonville. The South Wind began operations in December 1940, providing streamliner service between Chicago, Illinois and Miami, Florida. The other two longest enduring Chicago-Florida trains were the City of Miami and the Dixie Flagler. The train, beginning The South Wind was a named passenger train equipped and operated jointly by the Pennsylvania Railroad, the Louisville and Nashville Railroad, the Atlantic Coast Line Railroad (later Seaboard Coast Line), and the Florida East Coast Railway. This was one of three new seven-car, all-coach streamliners operating in coordination every third day along different routes between Chicago and Miami ef05f9a4c4

R1-9 fleet contract under which these 1,703 cars were ordered – contract “R9”. The name “Arnines” comes from the literal spelling out of the final contract under which these 1,703 cars were ordered – contract “R9”. All were built by the American Car and Foundry Company, the Pressed Steel Car Company, and Pullman Standard. The complete listing of contract numbers for cars in this group include: R1, R4, R6 The R1-9s (colloquially known as Arnines) were the 1,703 similar New York City Subway cars built between 1930 and 1940 for the Independent Subway System ef05f9a4c4

== History == ef05f9a4c4 == History == ef05f9a4c4 Central of Georgia (CofG), Atlanta to Albany (Albany Union Station), via Macon ef05f9a4c4

Dixie Flagler the train departed Chicago with six sleeping cars, five for Miami and one for Jacksonville. As an overnight streamliner it was part of the every-third-day pool shared by the City of Miami and South Wind. Flagler, a regional service between Miami and Jacksonville, Florida; the FEC renamed it and extended it to Chicago a year later. It was renamed Dixieland in 1954 and discontinued altogether in 1957. It began in 1939 as the Henry M. It was one of the few Chicago to Florida trains that passed through Atlanta. These cars had the following configuration: 3 compartments The Dixie Flagler was a streamlined passenger train operated by the Florida East Coast Railway (FEC) between Chicago, Illinois and Miami, Florida ef05f9a4c4

During fiscal year 2024, the Silver Meteor carried 298,328 passengers, an increase of 5.1% from FY2023. ef05f9a4c4 NASCAR Grand National Series races were held at this track during the 1951, 1952, 1954, 1955, 1961 and 1964 seasons. ef05f9a4c4 At the end of 1925, ACL operated 4,924 miles of road, not including its flock of subsidiaries; after some merging, mileage at the end of 1960 was 5,570 not including A&WP, CN&L, East Carolina,

Georgia, Rockingham, and V&CS. In 1960, ACL reported 10,623 million net ton-miles of revenue freight and 490 million passenger-miles. ef05f9a4c4 The Silver Star and its sister train in the Silver Service brand, the Silver Meteor, are the descendants of numerous long-distance trains that operated between Florida and New York for most of the 20th century. On November 10, 2024, Amtrak temporarily combined the Capitol Limited and Silver Star, producing a Chicago-Washington-Miami route, the Floridian. ef05f9a4c4 During fiscal year 2023, the Silver Star carried 351,732 passengers, a decrease of 19.1% from FY2022. In November 2023, the train had a total revenue of \$8.7 million. ef05f9a4c4

Silver Meteor The train was transferred to Amtrak when it took over intercity passenger rail service in 1971. baggage cars, Viewliner sleeping cars, Viewliner dining cars, Amfleet café-lounges and Amfleet coaches. An ACS-64 electric locomotive is used between The Silver Meteor is a long-distance passenger train operated by Amtrak between New York City and Miami, Florida. Introduced in 1939 as the first diesel-powered streamliner between New York and Florida, it was the flagship train of the Seaboard Air Line Railroad (SAL) and one of the flagship trains of its successor, the Seaboard Coast Line Railroad (SCL) ef05f9a4c4

== History == ef05f9a4c4 == Background == ef05f9a4c4 Speedway Park was a 0.5-mile (0.80 km) dirt oval auto racing track, located in Jacksonville, Florida at the intersection of Lenox Avenue and Plymouth Street. It operated between 1945 and 1969, and would be renamed Jacksonville Speedway in early 1964, months after this race. The track permanently closed in August 1969 after significant concerns were raised about its safety features. ef05f9a4c4 The Atlantic Coast Line served the Southeast, with a concentration of lines in Florida. Numerous named passenger trains were operated by the railroad for Florida-bound tourists, with the Atlantic Coast Line contributing significantly to Florida's economic development in the first half of the 20th century. ef05f9a4c4

Dixie Flyer (train) as the Dixie Flyer, with through Pullman Palace sleeping cars from Nashville to Jacksonville; these at first were routed south of Atlanta via the East The Dixie Flyer was a premier named American passenger train that operated from 1892 to 1965 via the "Dixie Route" from Chicago and St. However, the train continued until 1969 as an Atlanta to Florida operation, run solely by the Atlantic Coast Line Railroad and its successor, the Seaboard Coast Line. Louis via Evansville, Nashville, and Atlanta to Florida. The Flyer's route varied in early years, but by about 1920 was set as follows: ef05f9a4c4

The South Wind departed Chicago Union Station and ran through Logansport and Indianapolis to Louisville Union

Station. It then proceeded down the Louisville & Nashville main line through Bowling Green, Nashville, and Birmingham to Montgomery. From Montgomery, it ran down the Atlantic Coast Line through Dothan, Thomasville, Valdosta and Waycross to Jacksonville. The last leg to Miami was over the Florida East Coast. After a number of schedule changes throughout the late 1940s and early 1950s... The train began as the Henry M. Flagler, a daily streamliner between Jacksonville and Miami, named for industrialist Henry Flagler. This service began on December 3, 1939, using a set of equipment built by the Budd Company. With the introduction of two new overnight all-coach streamliners on cooperating railroads, the Henry M. Flagler equipment was placed in service on a rotating once every three days overnight schedule between Chicago and Miami as the Dixie Flagler beginning December 17, 1940. Together with its counterparts the South Wind and City of Miami, the trains offered daily service between Chicago and... Atlantic Coast Line, Jacksonville to Tampa and Sarasota, and Jacksonville to St. Petersburg sections The train was part of Amtrak's Silver Service brand, along with its former sister train, the Silver Star, SAL's other former flagship streamliner. The two trains were the remnants of the numerous long-distance trains that operated between New York and Florida for most of the 20th century. On November 10, 2024, Amtrak temporarily combined the Capitol Limited and Silver Star, producing a Chicago-Washington-Miami route, the Floridian, leaving the Silver Meteor as the only remaining New York-Florida passenger train. == History == At the end of 1970, SCL operated 9,230 miles of railroad, not including A&WP-Clinchfield-CN&L-GM-Georgia-L&N-Carrollton; that year it reported 31,293 million ton-miles of revenue freight and 512 million passenger-miles.
