

Building 432 Park Avenue

432 Park Avenue has 84 numbered stories and a mezzanine above ground. The tower's exterior is a lattice of poured-in-place concrete made with white Portland cement. The tower is segmented into 12-story blocks separated by open double-story mechanical spaces that allow wind gusts to pass through the building. It features 125 condominiums and amenities, such as a private restaurant, for residents. The skyscraper has received mixed reviews from both... 36967d00aa On October 30, 2010, a brand of the Phillips de Pury auction house opened on the first three floors of 450 Park Avenue. Five years later, in June 2007, Somerset Partners bought 450 Park Avenue for \$509 million, or \$1,566 per square foot (\$16,860/m²). This made it the highest price per square foot paid for an office building at the time in the United States. To pay for the building, Somerset Partners signed a \$175 million loan. In mid-2008, Somerset Partners also moved its head office to the building.

occupied floor of One World Trade Center are surpassed by Central Park Tower, 432 Park Avenue, 111 West 57th Street, and Chicago's Willis Tower, which was

In June 2002, 450 Park Avenue was purchased by Taconic Investment Partners. That company spent around \$13 million on renovating the lobby, replacing the elevators, and redesigning public areas. 450 Park Avenue has a steel skeleton with concrete floors. The exterior is dominated by black granite and glass. The building was designed by Emery Roth & Sons and developed by Peter Sharp. Adjacent to the building is a public plaza, a privately owned public space, with benches.
