== Plot == The breeding range includes land regions from the Arctic tundra to the tropics. It can be found nearly everywhere on Earth, except extreme polar regions, very high mountains, and most tropical rainforests. The only major ice-free landmasses from which it is entirely absent are the islands of New Zealand, making it the world's most widespread raptor and one of the most widely found wild bird species. In fact, the only land-based bird species found over a larger geographic area, domestic and feral pigeons, owe their success to human-led introduction. Both are domesticated forms of the rock dove, and are a major prey species for peregrine populations. Due to their greater abundance... High fantasy films tend to feature a more richly developed fantasy world, and may also be more character-oriented or

thematically complex. Often, they feature a hero of humble origins and a clear distinction between good and evil set against each other in an epic struggle. Many scholars cite J. R. R. Tolkien's *The Lord of the Rings* novel as the prototypical modern example of high fantasy in... a380dbca3e Several sub-categories of fantasy films can be identified, although the delineations between these subgenres, much as in fantasy literature, are somewhat fluid. a380dbca3e == Career == a380dbca3e == Life and work == a380dbca3e Principal photography began on April 27, 2015, in New Orleans, Louisiana.
