Transfer frosting to a piping bag with a piping tip (I used Wilton 4), or place in a Ziploc bag and snip a small piece of the corner off (not as neat, but this will still work, just take care that the frosting isn't so thick that it breaks open the seam of the bag when you are squeezing).

Ingredients:
- 1 cup powdered sugar
- 1 large egg white
- 1 tsp vanilla extract
- 2 Tbsp milk

Allow frosting to harden before enjoying, stacking, or storing (this took several hours for me and may vary for you depending on the consistency of your frosting).

Pipe frosting on cookies and decorate with decorative candies, if desired.

25 minutes 3 cups powdered sugar 1 large egg white 1 tsp vanilla extract 2 Tbsp milk 1/4 tsp cream of tartar Pinch salt 25 drops food coloring (optional)

.Combine powdered sugar, 2 Tablespoons of milk, corn syrup, and vanilla extract in a medium-sized bowl and stir until combined. If frosting is too thick, add more milk, about a teaspoon at a time, until the frosting is thick but pipeable. If you accidentally add too much milk, add powdered sugar until desired texture is reached.
