Disney settled on the film's concept in 1938 as work neared completion on *The Sorcerer's Apprentice*, originally an elaborate Silly Symphony cartoon designed as a comeback role for Mickey Mouse, who had declined in popularity. As production costs surpassed what the short could earn, Disney decided to include it in a feature-length film of multiple segments set to classical pieces with Stokowski and Taylor as collaborators. The soundtrack was recorded using multiple audio channels and reproduced with Fantasound, a pioneering sound system developed by Disney and RCA that made *Fantasia* the first commercial film shown in stereo and a precursor to surround sound. 312e05a5d2

== Development == 312e05a5d2 Dune is set in the distant future in a feudal interstellar

society, descended from terrestrial humans, in which various noble houses control planetary fiefs. It tells the story of young Paul Atreides, whose family reluctantly accepts the stewardship of the planet Arrakis. While the planet is an inhospitable and sparsely populated desert wasteland, it is the only source of melange or "spice", an enormously valuable drug that extends life and enhances mental abilities. Melange is also necessary for space navigation, which requires a kind of multidimensional awareness and foresight that only the drug provides. As melange can only be produced on Arrakis, control of the planet is a coveted and dangerous undertaking. The story explores the multilayered... 312e05a5d2
