I believe User:عمرو بن كلثوم is editing tendentiously. The Talk page of the article Syrian Kurdistan is almost exclusively a complaints page from a wide variety of editors, over the past many months, about the behaviour of this user, and evident from the discussion is an obvious POV based on denialism, to whit: the user would rather the term Syrian Kurdistan did not exist, and is convinced (against all and repeatedly offered evidence) that the phrase is a neologism produced by expansionist Kurdish nationalists this century. The user would have the world believe there was never any such thing as a Syrian part of Kurdistan (i.e. within the 20th- and 21st-century Syrian Arab Republic); and the whole thing is some sort of conspiracy cooked up since the Syrian Civil War. The user has here embarked on an attempt to gain support for their POV here: Wikipedia:Neutral_point_of_view/Noticeboard#PhD_candidate_as_a_reliable_source_for_a_denial_of_Syrian_Kurdistan_against_the_views_of_multiple_professors_stating_
